Fair Political Practices Commission

Sacramento, CA 95814-2329

Dear Chairman Johnson:

Fair board and city council members throughout our state have been using state assets to entertain their families, friends, and associates for purposes that seem to have little or no benefit to the public. I personally consider these actions immoral and un-ethical by elected or appointed officials.

This letter is one of support as I have recently learned that your offices have the authority to change the current state regulations allowing this pillaging to continue. I am in total agreement that these individuals and the organizations they have been appointed or elected to run, should have to abide by the gift limitations set forth in the Political Reform Act.

Thank you for your efforts in correcting this horrendous situation.

Sincerely,

Signature
